- Fluent in at least one non-English language

## Find out how your language can help

**T**he NLSC is made up of multilingual volunteers, just like you, who are willing to use their language skills in times of need. NLSC Members have a strong motivation to help their fellow citizens throughout the nation and world.

Your role in the NLSC will include assisting Federal, State, and local agencies by facilitating cross-cultural communication. If called upon for service and you accept the assignment, you could participate in activities such as interpreting between government officials and segments of the population, translating materials for a public health website, or responding to emergencies alongside relief organizations.

An assignment may send you anywhere in the U.S. or world, depending on the need. Some assignments can even be done from home. And we may call upon you to help the NLSC itself, to keep the NLSC improving as an organization.

NLSC Members are a part of a service-oriented network of like-minded volunteers and are compensated for their service while on assignments.

Assisting others serves a greater good, a human good...we invite you to be a part of the **NLSC**.
